FOOD LION

PLANS

Issue/Mitigation

To mitigate loss of PL in Q4, we will position to be price and display leaders.

Issue is we must clear cap to be accurate and reduce chaos and excessive deductions by Food Lion.

Nancy Jane us right solution to hold Southern Profile and Southern Biscuit is back up. Nancy label needs to scream SOFT WHEAT.

This is price for top position and not valid if not top :
5# Southern Biscuit. 14.48/bale and 1.81 unit
5# Nancy Jane 1.11 unit that's 8.88 per bale

Subject: RE: Pancake cost to Food Lion

Good morning. We are getting ready to head to the lab for fry training today.

Wanted to let you know I sent Food Lion breakfast category manager a cost of 1.85 for pancake mixes, and 2 times per year a MVP scan promo 0.23 to net to 1.62 cost.

I called the scan our method of getting trail for new item to gain support of category working with us to hit a 2/5.00 MVP. I know your note below said 1.83 but voice mail mentioned 1.85 , so I went with higher. If they push back then can look at 1.83. Prefer to start with higher.

Discussion Points

· Marty received 4th quarter cost sent to her prior meeting. We walked through cost and need to be recognized as Lead retail with moderate hi/low promos to support lower cost. Also highlighted new cost with Nancy Jane if Food Lion added item to assortment. Marty's response – understood disclaimer for lead with new cost and she is working on Flour now and should be complete within next two weeks. ·

Promos for 4th quarter have not been completed for Food Lion. Marty is to send me Breakdown (form used by Food Lion) and I will redo promos for 4th quarter to ensure they have sheets. Seems like paperwork is getting lost within Food Lion system. I did find out that all the Food Lion emails have changes and are now new address with Delhaize.com on end where we had as foodlion.com Some outside emails not converting to new email. Marty sending me new email address for her team. She was also open to low count force outs. Used the selling point that we were short some last year and Food Lion's ordering system would not recognize out of stocks during holidays Therefor we need to fill the pipeline to ensure shelf support.

· · Renwood lost the Private Brand bid early in 2013. The transition will occur in Sept 2013. I shared two slides with Marty on the risk and lost sales of other retailers that have moved from soft winter wheat to hard wheat. The decision was made outside her desk and he connected me with MMI in-house for next bid. Proposed the Nancy Jane as value tier soft winter wheat, and advantages of having this item to satisfy consumers. She is not ready to add another value tier item to set knowing with pull sales from Private Brand and possible some from Branded at higher retail. She is not saying no, but hesitant to add another brand right after resets before PB impact is seen.

· I highlighted me as contact for Food Lion/Delhaize and available to be on site as needed to move sales in positive direction.

Discussion Points

· Me to follow up next Friday on lead status.
· Marty to send me Food Lion forms (breakdowns).
· Me to complete breakdowns for 4th quarter.
· Me to send recommended force out quantities with breakdowns.
· Marty to send me new emails for team.
· Me to set up meeting with MMI for next PB bid.- Amber Threadgill-Smith
· Marty to set up introduction with Laura Wayne and me (reclaim analyst at Food Lion).
· Marty and I to set up monthly recurring meeting.

I have a meeting tomorrow with David Miracco, CM over Prepared Foods. This is to connect and obtain his plans for back half of 2013, find out if anything is missing, and see how we can get on the promo schedule for a few weeks between Sept-Dec 2013. I also want to take time to emphasis that Food Lion is my only retail and goal is to grow the business together.

And I have set a meeting with Laura Wayne, Food Lion reclaim analysis next Tuesday to start conversation and data mining on our high reclaim at Food Lion. Will keep you informed on both outcomes.

Plan/Result

Here are regional promotions for which you need to ask commitment to 27% more than last year during month for promotion. Have Lori see how tracking and what total number needs to be to get to +27%.
Set up promotion programs through the rest if the year. These are total allowance so if you already have an Allowance in place then only add the difference to get to these offers.

For Ingles and MDI-- drop Tenda-Bake pancakes price immediately to Retail at $2.59. So retails should be $3.29 now.
Implement $5.60 allowance until October 4,2013 at which time we will lower the price everyday on price sheet.

Actions-process/Status

MDI- for 4 displays by end of year on corn meal and flour at Lowes drop retail prices to 2 for $6.00..
Allowance on 5# Flour is 5.40. Corn meal allowance is $2.20.
This could also be show deal if we can still get into the MDI show. For the show only orders, you can use Formula L $6.00 allowance with minimum 30 case (1/2 pallet) order.

WLee Flowers gets this too.
We will need to discuss how we can get value out of SuperValue and Nash Finch-- we have to focus on driving display volume thru Farm Fresh.
If we are not in the SC Pig Show can apply this but we need the +27% or apply it thru show.

Let's secure the $18 k promo with Ingles with lift too.
Half these will be shipped full orders placed last year.

Set up force out deals with chains of 3 force outs of coating mix to stores of 2 cases each separated by 2 weeks

KVAT- add 4 displays of corn meal and flour from now to end of year buying the display program. The Front wall with Ad , the end cap with Ad twice a and any other no cost ($16,000 commitment). We do want displays on Cinnamon Swirl.
Run a Summer Madness on Formula L with $6.00 allowance by scan-down for a 2 for $6.00 price retail.

Need Help/Request

Paul we will discuss the SV program.
Bonus: if we get the Carolina wheat Harvest we expect and the accounts commit before July 4th--- we will allowance to reach Two for 5$ price points.

Ed. At AWG we bought 2 ads last year but got no lifts in orders. We need the orders to do it again. If order is out of KC, we need to figure out how to make it happen.

Bonus potential is 20% of salary + specific Bounties

Individual Objectives

1. Shipments vs. plan by account. Each account 100% to plan pays 35%
2. Plan Execution pays 8%
3. Account penetration pays 7%--See Account Must-haves
4. Distribution pays 8%---All Items at 85%ACV. FS Specifics
5. PIP goals pays 7%
6. Total Dollars hits Plan pays 35%

Shipments and Dollars Sold is 70%
Additional 10% paid when group hits Total Dollar Objective

How it Works.

Name	Wght	Rate1-10	
1	35	8	0.8 X 0.35= 0.28 or $560
2	8	9	0.9 X 0.08= 0.072
3	7	7	0.7 X 0.07= 0.049 or $ 98
4	8	6	0.6 X 0.08= 0.04M
5	7	10	1.0 X 0.07= 0.07
6	35	10	1.0 X 0.35= 0.35 or $700

Salary $10K Bonus Potential $2K
TDO=$1K Max Bonus $3K

TTL .869 X .20 X 10,000.00= $1,738
So at $50K, bonus is $8,690.00

2012 MSM Business Plan Review

Multi-Million Dollar Distribution Opportunity

- If Midstate Mills closed all distribution gaps on existing items in its marketing area (MSMA), it would generate incremental $6.7 million in retail sales or $4.7 million in MSM gross sales
- A new Tenda-Bake muffin mix line could generate $5 million in retail sales or $3.5 million in MSM gross sales @ 100% ACV distribution

Item	Sales Per $MM ACV	Distribution % ACV Gap	$ Retail Sales Opportunity
➢ Southern Biscuit Flour	$2.76	29.8	$2,260,000
➢ Southern Biscuit Formula L	$0.73	61.2	$1,227,741

Standard Procedures

Carry Blackberry at all times (Weekdays 8am- 6pm)

Check voicemails and e-mails a minimum of 4 times per day (8,11,3,6)

Respond to customers and colleagues by sundown, 24 hours at latest.

Follow up every live customer call with an e-mail with:
recap, next steps, and restatement of most impactful selling points.

Prepare, investigate, plan and follow up every call including phone calls.

Copy me on all customer communication

Submit Promotion Detail sheet within 7 days of agreement to Viveca. After promo, submit updated sheet before any deductions hit.

Notify me of all major customer appointments as soon as they are committed.

We must all act with a sense of urgency, drive business growth, broaden customer influence and points of contact.

Increase productivity by making most of your daily activity toward sales and goals- it is easy to be lulled into the ease of details and not drive and address conflict that moves business forward.

We need to improve our skills and abilities to answer the customer questions:
Are we striving to be the best and lead the category?
Can they trust us?
Do we care about them?

Are are to use supporting data at every opportunity and represent the values and traditions of Southern families and the essence of Southern Baking.

Whenever presenting or emailing or any and all communication share and convey "selling story" facts and brand advantage data.
Never pass a second to drop in selling points.
